Product Description

Disc Harrows & Tillage - Sub Soiler The 3-point standard duty subsoiler from Dirt Dog® is the right tool for you when breaking up a hardpan developed over years of use. This subsoiler is available with a single shank equipped with a replaceable tip capable of ripping the soil a depth of 25.5 inches. The beveled edge of the high carbon, wear resistant steel shank, combined with a heat-treated replaceable plow point, allows you to cut through the soil with minimal ground disturbance; shear pin protection is provided. The SS is designed for 25-45 HP tractors with a Cat I Standard hitch.
