Product Description

RedMax Trimmer BCZ350S

A heavy-duty trimmer or loop-handle brushcutter. The BCZ350S comes standard with a trimmer head as well as a blade kit. At 2.15 horsepower, this commercial machine is powerful enough for dense, wet conditions but is agile enough for precision trimming. The Strato-Charged engine provides up to 20% better fuel efficiency and more torque over a wider RPM range.
